**Release, Waiver, Indemnification:  
(ARS 12-533 has been explained or read as posted in office & barn)**

I acknowledge that horseback riding/wagon riding is dangerous and that ranch/wilderness rides involve unpredictable hazards including vary terrain, wildlife encounters, and inclement weather. I have discussed this with minor and determined he/she understands risks and will be able to handle the horse. The minor has no physical or mental problems which might make riding difficult or more hazardous. I acknowledge that minor will provide own properly fitted helmet, if desired.

In consideration for allowing minor to ride and use Ranch equipment and property I agree for myself, the minor, and all other persons and parties, including subrogees, to release Ranch from all liability, to waive all rights to sue, and to indemnify Ranch and it's employees and associates from any liability or loss ( including costs and attorney fees). Related to injury or damage caused to minor.

**I verify that I have read and fully understand the foregoing and declare that I agree to all its terms.**

The Ranch is authorized to use this agreement for other rides this year. \_\_\_\_\_ (initial)
